***Response to Amendment***

Applicants' amendment filed on November 04, 2003 has been entered on October 02, 2003.

Therefore claims 1 and 17 as amended by the amendment and claims 2-16 and 18-29 as previously recited are currently pending in the Application.

***Reasons for allowance***

Claims 1-29 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims, ( 1 and 17) which include the step of forming a surface strap in the substrate by the diffused dopant, the surface strap being below the lip and providing a connection between the capacitor and transfer device and the formation of the lip extending over the top surface of the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
